**Jessica Peters, Head of ESG at Argos Wityu said:** "The results not only reflect our ambition but also the integration into our day-to-day operations and strategy. It is worth highlighting that we run a hands-on engagement programme with our portfolio companies. For instance, our quarterly ESG Club provides portfolio companies with a platform to share best practices, discuss challenges, and create a clear action plan. Such support is needed more than ever considering the requirements coming from the CSRD. It goes without saying that this requires a full team effort."
